Hole Cutter and Accessories

The hole cutters are primarily made of aluminum alloy, making them durable and strong but light. They each come with either scalloped or straight blade.

- 1. Lever Style Hole Cutter (scalloped) [No. 222]**
Lever Style Hole Cutter (straight) [No. 223]
Easy to use lever makes for a quick hole extraction.
- 2. Foot Extraction Hole Cutter (straight) [No. 224]**
Foot Extraction Hole Cutter (scalloped) [No. 225]
A classic hole cutter with shoe platforms on either side and a fixated handle.

Heat treated cutting blades ensure a clean cut hole. Available as scalloped and straight blade with an inside edge (for sandy and USGA soil) or an outside edge (for push-up greens and native soil).

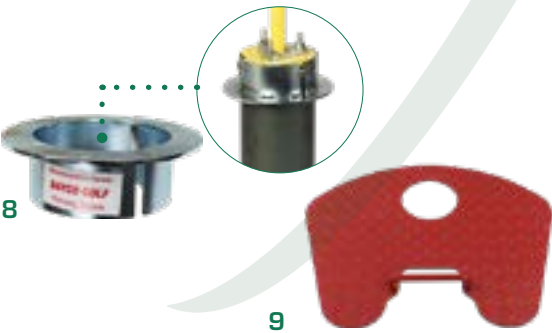

- 4. Inside Edge Scalloped Blade [No. 220-IN]**
- 5. Outside Edge Scalloped Blade [No. 220-OUT]**
- 6. Inside Edge Straight Blade [No. 221-IN]**
- 7. Outside Edge Straight Blade [No. 221-OUT]**

Wider hole cutter that cuts a 6" wide hole. Perfect for the Temporary Cup No. 256

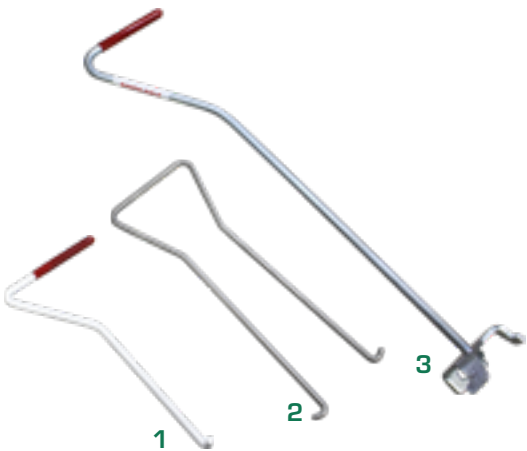

- 3. Wide Hole Cutter [No. 219]**
A hole cutter for 6" wide temporary cup for special events.

HOLE CUTTER ACCESSORIES

- 8. Hole Cutter Flanged Stop [No. 217]**
Adjustable flanged stop ensures proper hole depth every time.
- 9. Hole Cutter Guide [No. 230]**
Cast aluminum and powder coated red. This guide prevents scuffs and marks on the greens made by the operator.

Hole-In Paint & Tools; Cup Pullers; Trimmers

- Cup Pullers**
- 1. Single Pronged Cup Puller [No. 210]**
Powder coated white with a red rubber handle. Size: approx. 6" Works on all cups.
- 2. Double Pronged Cup Puller [No. 206]**
Aluminum; Pinch and release, then pull out the cup. Size: approx. 8" Works on all cups.
- 3. Three Pronged Cup Puller [No. 200]**
Zinc plated steel with a red rubber handle; Place, twist and pull to remove the cup. Size: approx. 24" Works only on 250AL cups.

Superior quality scissors, constructed from forged Stainless Steel. Comes complete with a dedicated plastic carry wallet. The curved design makes it easier to neaten the edges of freshly cut holes.

- Curved Trimming Scissors [No. 211]**

- Hole-In Paint Tools**
- 4. Aluminum Paint Tool [No. TL1]**
- 5. Cup Protector* [No. CP1]**
Easy to use guide to paint the top of the hole while protecting the grass around the upper edge and the cup from the spray of the paint.

*Cup protector available in every case of Hole-In-White paint and sold separately, as well.

- Hole-In Paint Applicator [No. 207]**
No cup protector required.
Paint a perfect 1" depth circle above the cup while protecting the cup and grass around the hole, leaving a crisp, sharp edge.

HOLE-IN PAINT

Hole-In paint is a whitener specifically formulated to last a long time and is not harmful to the soil or turf. One spray can could yield approximately 80 holes. It makes the top of the hole bright and visible from afar; speeding up play time in the process. Approved by PGA, Champions, and the LPGA, use this tournament grade standard to upgrade your course.

- 6. Hole-In-White [No. PT1]**
Comes in a box of 12 cans (12 oz each)
- 7. Hole-In-Pink [No. PT2]**
Comes in a box of 6 cans (12 oz each)

PRO-HOLE CUPS

Pro Hole Cups are designed and finished to precise standards, resulting in a world class greens cup. Completed with locking ferrule system that ensures unnecessary premature wear of the flag pole ferrule.

Aluminum Pro Hole Cup [No. 253AL]
This cup is made of durable heat treated aluminum alloy

ALUMINUM CUPS

These cups are die cast oversize, then machined down to precise dimensions to minimize wobble in the hole. The aluminum cups are anodized then powder coated a bright white for best corrosion protection. Meets all USGA requirements.

- 1. Aluminum Greens Cup (4.25") [No. 252AL]**
- 2. Aluminum Green Cup (6") [No. 250AL]**
- 3. Temporary Aluminum Greens Cup [No. 256]**
6" deep and 6" wide temporary cup for special events.
- 4. PGA Greens Cup [No. 250PGA]**
Precision machined to exact PGA tolerance inside and out. The base is designed with three support pads to maintain a stable height.

PLASTIC CUPS

Made of durable, chemical resistant polymer material and meets all USGA regulations. Perfect for putting greens.

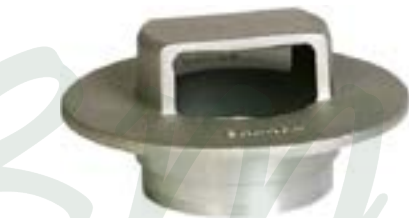

- 4. Plastic Greens Cup (4.25") [No. 255 PL]**
- 5. Plastic Greens Cup (6") [No. 250PL]**
- 6. Plastic Cup with Bronze Insert (6") [No. 250PL/BZ]**
Bronze bushing made of certified bearing bronze withstands abrasion and prevents sticking, extending the life of your cup.

Cover the putting green holes with this easy to install and remove cover. Made of durable plastic, it withstands pressure and weight.

Plastic Cup Cover [No. 262]

Cast aluminum cup setter consistently places cups at the correct depth, minimizing damage to the rims of aluminum cups and preventing ball interference.

Aluminum Cup Setter [No. 205]

Completely flexible, stain resistant plastic golf ball tender. Simply place it onto the flag pole, no need to remove the ferrule. It allows the golfer to lift the ball by lifting the flag pole, reducing bending. Sold in sets of 18 or individually.

NEW! Golf Ball Tender [No. 309]

SpeedWrap liners are thin, flat inserts that fit only in our pro hole cups. Fully customizable with a club logo or sponsor for increased revenue. The blank and specialized cup liners are in stock and ready for immediate shipping.

- SpeedWrap Liners [No. 253]**
Blank Cup Liner [No. 253L-4 or 253L-3]
Customize Your Liner [No. 253CUSTOM]
Sold in two versions, V3 fits the older cup design as well as 253PL, where as V4 is for the new design of 253AL.

Bayco Golf introducing: Mully Cup Lifter - an easy to install, no-bend ball lifter with zero golfer-pole contact and easy ball retrieval. Simply install the two halves around your flag pole and slide it into the cup - **no need to remove the ferrule!** 360° ball entrance with no interference.

- Fits regulation (1/2") and tournament (3/4") poles.
- Made of durable plastic.
- Includes all necessary hardware.

NEW! Mully Cup Lifter [No. 319-01]

Regulation Poles (1/2")

Regulation Flag Poles [No. 300]

Bayco Golf regulation fiberglass poles are manufactured to the highest quality and appearance for excellent corrosion and weather ability. The regulation poles are 1/2" thick and come in variety of sizes and colors/stripes. They are veil wrapped to increase lifespan and reduce splinters from fiberglass material.

Every flag pole is top threaded and color impregnated throughout which means that the color will not peel off or fade with time.

The flag poles are completed with a smooth ferrule (you may replace it with a slotted [308STD] or locking [308B*] ferrule), and with a top acorn nut that will suit the swivel for grommet style flags or tube style flags.

When shipped, we add a sleeve on bushing and ferrule for additional protection.

*Locking ferrule only works with Pro Hole cups

Available Colors and Striping

Ferrules

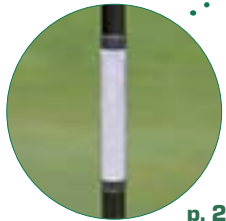

Flag pole holder mounts directly to your choice of surface. Holds 1/2" poles only. Available as a kit with an American or a Canadian flag.

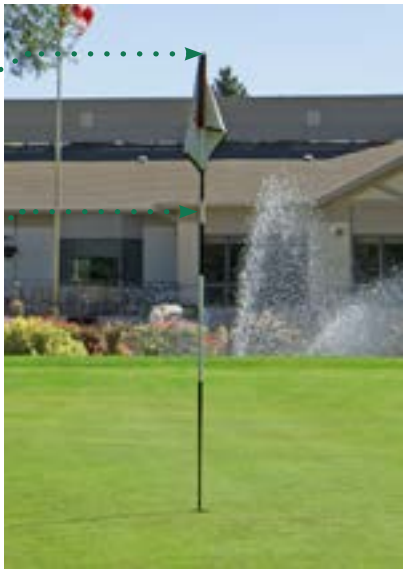

Kit includes a holder, a flag, an acorn nut, and a 3' white regulation pole. No ferrule required.

p. 29 Quick Click [No. 316PL]

p. 28 DIY Laser Reflector [No. 3000-9]

Tournament Flag Poles [No. 300T]

Bayco Golf tournament fiberglass poles are manufactured to the same standards as the regulation poles. They are 3/4" thick in the middle and are tapered, making them stronger and more wind resilient. They also come in variety of sizes and colors/stripes and can reach up to 10' in length.

Like the regulation poles, the tournament poles are veil wrapped, top threaded and color impregnated ensuring their longevity.

The flag poles are completed with a smooth ferrule (you may replace it with a slotted [308STD] or locking [308B*] ferrule), and with a top acorn nut that will suit the swivel for grommet style flags or tube style flags.

When shipped, we add a sleeve on bushing and ferrule for additional protection.

Custom Flags

ANY COLOR COMBINATION

If you can think it, we can print it! We can help you choose the colors that compliment your logo best, or if you already have a color in mind and/or know the color code (HEX, RGB, CYMK) we can match it. We can even change the colors of your logo!*

ANY LAYOUT

Whether you need a border or not, numbers or text, or simply your logo** on the flags - we can do it! If you have a custom graphic that you want displayed on your flag, or you'd like to show off your sponsors - we are here for you! If you have a new feature and would like to advertise or you want to honor someone special - it's all possible with Bayco Custom Golf Flags!

UNLIMITED CHOICE - SAME PRICE

We offer several different sizes of custom golf flags, of which 14"x20" and 6"x8" are most common. We also provide three different shapes - rectangle, burgee, and pennant. You can order them double sided (DS) or single sided (SS). Our prices for each flag type/size are the same no matter what colors or layout you choose. There are no set up fees for proofs and you can make changes until you are satisfied with the result! Don't be afraid to get creative, **your only limit is your imagination!**

*Logos must be high resolution and be either a PDF or a vector file (.ai or .eps)

** Any graphics or logos must be obtained legally and have all the required permissions to be used in your custom flag design. Bayco Golf is not responsible for any lawsuit related to the distribution of illegally obtained content.

CALL 1 (877) 668-4653 OR YOUR NEAREST BAYCO DISTRIBUTOR TO ORDER YOURS TODAY.

Possibilities are endless!

SIMPLY - THE FINEST QUALITY CUSTOM GOLF COURSE FLAGS

Frequently Asked Questions:

What is Dye Sublimation Printing?

Dye Sublimation is a printing process which reproduces graphics and images into various flexible and rigid substrates - in our case, fabric. Using a combination of high heat and pressure, solid dyes are absorbed directly into the fabric, creating many advantages over traditional screen-printed graphics.

How are our flags made?

Once a design is approved, the graphic files are fitted onto a template using Illustrator. Those files are printed and then sublimated into the fabric. The fabric portion with dye is cut out and passed on to our sewing and finishing department. After finishing, the products are cleaned, checked and are packaged for shipping.

What format should my artwork be in?

Please ensure that your artwork files are of good quality, preferably vector (.ai or .eps). Raster images, such as JPEG and PNG can be submitted but extra charges may apply should we need to re-draw them in a vector format. If you are unsure of what files you currently have, please contact us and we can assess them for you.

How long does it take for flags to be completed?

Once we send you the proofs and they are approved by you, it typically takes 2-3 weeks for them to be printed (on a first come, first serve basis). Shipping (depending on location) can take additional 3-7 business days in North America. Please contact us for a more accurate timeline for your specific project.

What fabric choices do you offer?

- **Poplin Flags** - Our poplin flags are great for heavy graphics and double sided flags because it uses an optional blocker to prevent see-through from front to back.
Note: It is the heaviest option especially if the blocker is added. This fabric needs wind to move.
- **Dura Flags** - Very stable fabric that is porous and allows wind to move through it. It has 95% transparency which makes it perfect for single sided flags.
- **Poly Silk Flutter** - This fabric is recommended for events as it flutters even in low breeze settings. It has 98% transparency and is very lightweight, perfect for single sided flags.

How is vector different than raster?

Simply put, raster images are created by pixels and their quality depends on the DPI (dots per inch) or PPI (pixels per inch). The lower the DPI, the more "pixelated" it looks. Raster image files include .jpeg, .png, and .tiff formats.

Vector images are made up of paths with mathematical formulas telling the path what color or shape it needs to be. Thus, vector images retain their appearance regardless of size and can be scaled infinitely. Although vector files are rarely used for photographs or paintings, they are perfect for designs such as logos and illustrations. Vector files include .ai, .eps, and .dwg formats.

RAKE HEADS

Our rake heads are made of durable, lightweight plastic that is easy to use and carry. They spread sand evenly, leaving a consistent playing surface with minimal difference in grooves.

Lightweight Rake Head

Available in 21" [No. 102] and 15" [No. 105]

Soil Samplers & Aerators

Soil samplers allow core samples to be taken for evaluation of soil composition and root growth or for subsequent soil analysis. It also helps determine the need for aeration and to select the proper fertilizer for root development.

Soil Samplers

- 1. 8" Soil Sampler [No. 235-8]**
One piece rugged stainless steel pipe.
- 2. 20" Soil Sampler [No. 235]**
One piece rugged stainless steel pipe.
- 3. 27" Greens Probe Soil Sampler [No. 237]**
Less intrusive, one piece rugged stainless steel pipe. Complete with a rubber handle for added comfort.
- 4. Greens Section Soil Sampler [No. 238]**
This spade-like greens section soil sampler is tapered to give a clean cut and minimize surface disruption. The blade is then easily removed to examine the profile of the sample.

Why aeration is important?

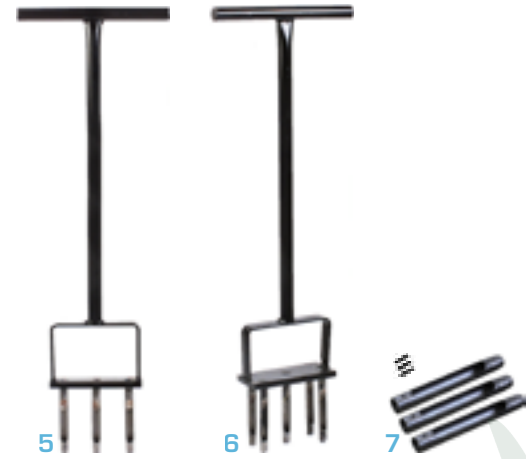

Aeration is an essential practice that improves the long-term health and playability of golf courses. By using hollow tines to extract plugs, you can:

Ensure longevity of your course

Alleviate compaction

Remove layering

Made of heavy duty steel, these aerators are easy to use on those small and hard to reach spots on the greens that need immediate attention.

Aerifiers

- 5. Hand Operated 3-Pronged Aerifier [No. 236]**
- 6. Hand Operated 5-Pronged Aerifier [No. 239]**
- 7. Replacement Steel Tines [No. 236-1]**
Fits our aerifiers. Sold in sets of three. Complete with golding pins.

Long lasting benefits of aeration:

The following benefits can be observed when aeration is done seasonally and correctly:

Improves Water Infiltration

Oxygenates the Soil

Removes Thatch

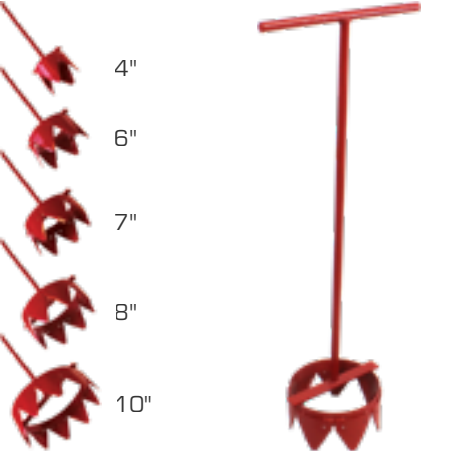

Encourages Root Growth

Stimulates Microbial Activity

Promotes Recovery from Stress

Other Essential Course Tools

Sprinkler heads can easily become lost on the course which can lead to negative impacts on the functionality of the irrigation system. These trimmers are easy to use and leave a clean edge around the sprinklers.

Bayco Golf fiberglass poles are manufactured to the highest quality and appearance for excellent corrosion and weather ability. The regulation poles are 1/2" thick and the tournament poles are tapered, reaching 3/4" in the middle. They come in variety of sizes and colors/strikes. The poles are veil wrapped to increase lifespan and reduce fiberglass splinters. For more information, see p. 26 and 27.

The flag poles are completed with a smooth ferrule and with a top acorn nut.

ABOUT BAYCO

Our Name Stands for *Quality*

Bayco Golf started out unlike the typical business. The founder, Alex Colonelo, came from a mechanical toolmaker background. He started working at a company called Bay Bronze Industries which manufactured fuel fittings and plumbing parts as well as bronze signs and plaques. His passion for golf and his experience in manufacturing inspired him to start a golf course accessories division within Bay Bronze in 1986 (renamed to Colon Industries at this time). In 1998, he bought off the golf division and named the company Bayco Golf Inc where he became a president. He retired in 2006 when OSC Seeds purchased Bayco Golf and a new general manager, Cal Surgenor, was appointed.

Bayco Golf has always strived to bring the best quality of products to the golf course accessory market. With our knowledgeable team and many years of experience, you can remove all uncertainty with anything related to your course. We build meaningful relationships with clients that last a lifetime. We pride ourselves that almost all our products are manufactured locally in North America. We are a forward thinking, market improving company that has set the bar for numerous products, including but not limited to, Dye Sublimated Custom Flags, Pro Hole Cups with Liner and Locking Ferrule, ColorFlex Distance Markers, and our newest addition – The Mully Cup Lifter.

The little train that could – did. We are one of the top manufacturers/suppliers in the world. We ship internationally in over 50 countries and our products are found on the most prestigious golf courses in the world. We design custom flags, markers, cup liners, plaques, signs and more! Our customers vary from a private individual who wants to build a small putting green in their back yard, to 36-hole resort golf courses around the world.

If you are looking for a reliable and knowledgeable staff to help you with your golf course accessory needs, look no further! Call us today and we would be happy to help you!

Get on course with **BAYCO!**

Meet the Managers!

Cal Surgenor (Left), Shelley Drul (Middle), and Andrew Hunt (Right)

Cal Surgenor is the General Manager at Bayco Golf. He took over in 2006 after OSC Seeds purchased the company from Alex Colonelo. He has a background in sales and is passionate about golf which made him the perfect candidate. Cal is very personable and loves to help out fellow golfers with anything golf related.

Shelley Drul is the Customer Service Manager at Bayco Golf. She deals with most customer affairs and specializes in the customizable products, like flags, signs, decals, and more. She has been with the company since 2004 and has made deep connections with all of our customers and distributors. She is friendly, easy going, and resourceful, ready to help with any purchase or inquiry.

Andrew Hunt is the Operations Manager at Bayco Golf. He manages overall operations and is responsible for the effective and successful management of labor and productivity. He is a golfer himself and has experience both as a golf player and an employee at a golf course. He knows the ins and outs of the golf business and products and has Golf Pro experience. In short, he lives and breathes golf.

RETURN POLICY

Bayco Golf strives for complete customer satisfaction at all times, however, in the unlikely event you are not completely happy with your purchase you may request a refund. All refund requests must be made within 7 days of delivery date. Please include your invoice number and name when contacting us. All items must be in a new/unused condition, in original packaging, and with all paperwork, parts, and accessories. Once the merchandise has been received and passed a satisfactory inspection, a refund will be issued onto the original method of payment and in the original currency (less the outbound and inbound shipping fees, where applicable). All returned items are subject to a \$10 restocking fee.

Exchange of items is only accepted if the item is damaged or has manufacturer's defects (proof upon request is needed). In this case, Bayco Golf will cover the shipping costs. If the item cannot be repaired, we will replace the item and send it back to the Customer at our own expense.

Exception to items include:

- Clearance Items – these are discontinued items that we wish to sell out of. We regret to say that items purchased as "Clearance" are not eligible for returns or exchanges.
- Custom Items – Custom items cannot be resold and therefore we cannot accept returns on them. Please note that it is the **Customer's responsibility** to ensure clarity in communication and to approve provided proofs for custom work. However, if a mistake is made on our end, Bayco Golf will re-do and replace the merchandise at no expense to the customer.
- Any other item that cannot be re-sold, that includes but is

not limited to items in used condition that do not qualify for our warranty or items reduced due to damage or defect and marked as final sale.

We reserve the right to warn, limit or decline returns or exchanges regardless if the item answers to all the conditions mentioned above. Notwithstanding, we may change or modify the agreement in part or completely without notice and we will not be held responsible for any loss or damage suffered as a result of such changes.

WARRANTY

Bayco Golf warrants products to be free from defects in materials and workmanship under correct use and proper applications for a period of six (6) months or one golf season from the original date of purchase. Warranty requests must be made immediately upon finding a defect and proof must be provided. The suitability of whether the merchandise satisfies the conditions of the warranty are determined solely by Bayco Golf. After passing a satisfactory inspection and concluding that the damage falls under the warranty, Bayco Golf's obligations are limited to the repair or exchange of the item at no cost to the client. Should the merchandise not satisfy the conditions of the warranty, Bayco Golf reserves the right to refuse or otherwise limit the return/repair/exchange of the item. **The warranty does not cover damages due to negligence, improper use or maintenance, weather conditions, theft, or natural disasters.**
