FUSIONCORE

Milona's new line of FusionCore products is your most ECONOMICAL, DURABLE and VERSATILE option when it comes to custom course signage. FusionCore is a multi-layered polymer sign available in a number of different color combinations giving you countless options for your directional signage, tee signage, fairway plaques and more. The polymer used in FusionCore is incredibly durable and able to withstand the physical rigors and external environments of your golf course. FusionCore signs won't rot, de-laminate or warp, making them ideal for a variety of indoor and outdoor applications.

3/8" COLOR CORE

1/16"
OUTER
COLOR

DIRECTIONAL SIGNAGE

Our 1/2" thick, 12" x 6" FusionCore Directional Signs are your best option for every day essential messages needed throughout your course. These highly visible signs not only look great, but are weather resistant and incredibly durable! These signs are available in a number of stock messages, but also customizable for your specific needs.

See page 13 for more information and the full offering of signs available.

TEE SIGNAGE

Give your tee complexes a beautiful upgrade without breaking the bank. Adding new FusionCore tee signs is a very affordable way to instantly enhance the look and functionality of your golf course. These attractive signs are fully customizable with the ability to add your course logo, hole layouts, yardages and more. Choose from one of our stock template sizes/shapes or create your own unique look with a fully custom sign.

Visit Miltona.com for more information or contact us for a quote.

COURSE SIGNAGE

Whether by the clubhouse, practice facility or on the course, proper signage is essential to give your golfers the appropriate information they need to navigate through your facility. Well placed course signage not only helps speed up play, but also adds to the golfer's experience and enhances the brand of your facility. Your options are vast and incredibly affordable when it comes to course signage with our line of FusionCore products.

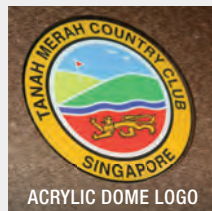

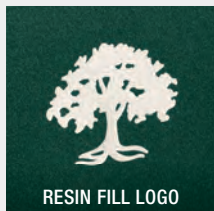

Visit Miltona.com for more information or contact us for a quote.

CUSTOM LOGO AND TWO-TONE RECYCLED PLASTIC OPTIONS

With two options for your course logo or the ability to create a sleek two-tone look, you now have a number of ways to customize our beautiful recycled plastic products throughout your course.

Look for this indicator to find products that can be ordered with a custom logo or in two-tone recycled plastic lumber. Call Miltona to learn more.

Custom logo options: Choose from an engraved logo, filled with a one-color resin or a full-color acrylic dome logo with engraved outline.

Two-tone options: A variety of products are now available in two-tone recycled lumber to complement the aesthetic of your course. Choose from black with brown trim or green with black trim.

TEE BENCH

CUP AUGER™

Take the next step in cup changing. The Cup Auger is for those who want to go above and beyond to ensure their cups are set perfectly. Using this tool is the best way to achieve consistent cup depth on every green, no matter who is doing the job. It's as easy as 1-2-3!

1. Cut the new hole with any hole cutter.
2. Insert the Cup Auger and turn until collar rests on turf.
3. Remove Cup Auger and reuse removed soil.

655661 Cup Auger

HOLE CUTTER DEPTH RING

655670 Hole Cutter Depth Ring

TECH TIP

Use the Miltona Cup Auger for perfect cup depth every time.

1. Place a depth ring on your cutting shell at $6\frac{7}{8}$ ".
2. Set the Cup Auger collar at the regulation depth of 7".
3. Cut a new hole to the depth of the ring.
4. Use the Cup Auger to perfectly finish the hole.
5. When your cup is set, it will rest exactly at the required depth.

CUP PULLER

Easily pulls all brands of cups

(includes clip mounting hardware)

DEW DRAGGIN'

Milona's Dew Draggin' fine-tunes your course for events and early morning golfers by removing dew and dispersing grass cuttings, all while reducing labor, money and time! Dew removal is also proven to be one of the best ways to help reduce turf disease. An average-sized, 18-hole course can be covered in just 60-90 minutes. The rugged 1 ½" polypropylene drag rope follows ground contours and the drag harness attaches to any maintenance vehicle. Harness lines let the 25' (7.6 m) wide Dew Draggin' maneuver around obstacles and provide dramatically improved results after mowing. And at just 30 lb (13.6 kg), the Dew Draggin' can easily be pulled by hand over delicate greens.

THE ORIGINAL MILTONA HEX-PLUGGER™

- Eliminates the gaps that occur when using hole cutters or round pluggers
- Hexagon-shaped plugs create a “locking” effect and prevent shifting
- Solid steel construction
- All models include trowel to maintain uniform plug depth
- Available in three different models for all your turf-mending needs
- Ideal for replacing damaged cups

View product demo
at Miltona.com

502105 Hex-Plugger 5" model,
cuts 2" deep plug

502107 Hex-Plugger 7" model,
cuts 2" deep plug

502108 Hex-Plugger 7" model,
cuts 3" deep plug

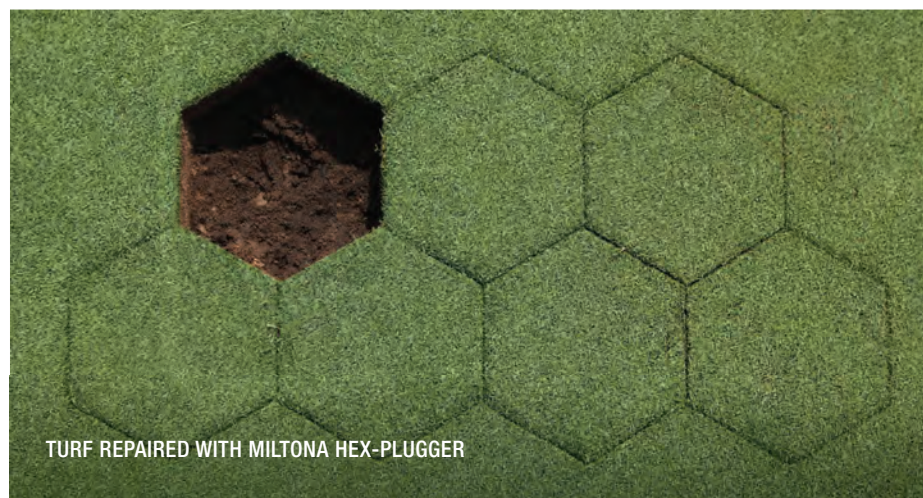

TECH TIP

Use the model 510218 Miltona Sod Stripper™ with its 2" deep cut blade for projects requiring a large number of plugs.

- First use the Sod Stripper to undercut the root mass of your nursery green turf.
- Next use the model 502107 Hex-Plugger to remove 2" plugs from the undercut area.

This will save time by eliminating the need to trowel cut each plug.

BONUS: TROWEL INCLUDED FOR
UNIFORM PLUG DEPTH

SQUARE PLUGGER

- Use Square Plugger when straight edge repairs are preferred
- Allows for stacking plugs as you make repairs

501104 Square Plugger, 7" model cuts 3" deep plug

ADJUSTABLE DEPTH HEX-PLUGGER

- Adjust plug cutting depth from 2" to 5"
- 9" diameter
- Includes hex cutting head and PowerStroke™ handle

502119 9" Adjustable Hex-Plugger

FOR ULTIMATE TURF REPAIR COMBINE WITH THE SOD STRIPPER AND ALL OF ITS CUTTING BLADE SIZES

PLUG DEPTHS FOR ADJUSTABLE DEPTH HEX-PLUGGER

SOD STRIPPER™

- Cut a strip of sod for any turf repair
- The ULTIMATE tool for repairing hydraulic leaks or vandalism
- Easily strips out damaged area as well as replacement turf from nursery green
- Available in 2", 3", 5" and 7" width blades
- Depth of cut adjustable between 5/8" and 1"
- Solid steel construction with zinc plating
- 7"x 2" deep cut blade can be used in conjunction with 7"x 2" Hex-Plugger
- Precut strips on nursery green and then use Hex-Plugger to cut replacement plugs
- Saves time by eliminating trowel cutting of individual plugs
- Ensures consistent depth of hex plug
